Letter to Parents and Students

Dear Parent/Guardian and Student/Athlete:

Please take a few moments to read this letter. Hopefully, this will help you understand how a competitive program is conducted and what comprises our expectations and philosophy.

1. In each program, a coach and/or coaches are hired, by the school district, to be responsible for their team selection. The head coach establishes criteria for selection, with input from their coaching staff. Although, this may be a highly subjective process, team selection, practices, and in-game decisions are solely the responsibility of the coaching staff. Please do not approach the activities director, administration, or any members of the coaching staff directly before, during, or after a team's practice or contest.
2. In order to make the varsity team, the student should demonstrate a high skill level and must also play a position the team requires. All student-athletes possessing these qualities have an equal opportunity to make the varsity team, regardless of grade level. Ultimately, playing time is left to the discretion of the team's head coach.
3. Each member of the team is extremely valuable to their team's overall progress. Starting positions and playing time are not guaranteed to anyone on the team. Some members may play a great deal of time, while others may not. Each student-athlete should have personal improvement as one of their primary goals.

By being a member of a team, regardless of time spent in actual competition, a person can learn many valuable lessons. Among them are the following: citizenship, sportsmanship, appreciating good play by an opponent, working together to meet team goals, responsibility and commitment, loyalty, placing their team above one's self, learning to accept instruction and criticism, respect for others, winning/losing with dignity, self-control, and being responsible for one's own actions.

We sincerely hope this helps you to understand the goals and philosophies of the competitive athletic program in the South Nodaway R-IV School District. Please feel free to contact us if you have any questions regarding any aspect of the athletic program.

SOUTH NODAWAY R-IV SCHOOL EXTRA-CURRICULAR PHILOSOPHY

The extra-curricular activities South Nodaway R-IV School District are closely coordinated with the highest possible level of academic excellence. Participation by a student in the extra-curricular activities should aid the students' growth in all related areas and should improve the academic pursuit of excellence.

Students will be encouraged to participate in activities and provide leadership among the student body. South Nodaway has the responsibility to encourage a student to secure the best record he/she can achieve, while seeking the outer limits of their capabilities.

The safety and well-being of the students, while participating in extra-curricular activities, is a serious responsibility and will be made a priority.

The sponsors of activities have the responsibility to train students in sportsmanship, in motivation, in self-discipline, in loyalty, in leadership, in extra effort, in the development of a positive attitude, and in individual self-esteem.

Team activities will be designed to teach young people how to work together to accomplish a positive and successful result.

The aims and objectives of the middle school and sub-varsity activities are different from the aims and objectives of the varsity activities.

In all middle school and sub-varsity activities, the emphasis should be on skill development and participation. As in all aspects of education, students do not progress at the same rate. Therefore, care must be taken that the varying skill levels of all students are considered. While it may be difficult for all members of the squad to participate equally in contests or practices, an athlete at this level should have the fullest opportunity to develop himself or herself as a person.

Varsity level activities are for those students who have demonstrated the most skill and best attitude. The objective of varsity level activities is to successfully compete in interscholastic competition.

At all levels, sportsmanship shall be promoted and encouraged. Fair play, courtesy, generosity and self-control shall not be sacrificed in the desire to win.

South Nodaway R-IV INTERSCHOLASTIC PHILOSOPHY

Extracurricular participation has long played a major role in the educational development of public school students. The South Nodaway R-IV School District is committed to providing a strong interscholastic program that emphasizes the student's moral, physical, mental, and emotional development.

As we strive to develop our young people in these four areas, it is important to establish a strong foundation for guidelines that will enhance these areas of student growth. It is also important to remember that students must first establish themselves both academically and as productive school and community citizens before they are allowed to represent South Nodaway in interscholastic activities.

As a member of the Missouri State High School Activities Association, we are obligated to both recognize and adhere to their guidelines and policies governing interscholastic activities.

As approved by the South Nodaway R-IV Board of Education, these guidelines will become our foundation for student success.

SPORTSMANSHIP

The South Nodaway R-IV School District is a member of the Highway 275 Conference and Missouri State High School Activities Association (MSHSAA). As members of these groups, we adhere to policies set down for the display of good sportsmanship by athletes, students, fans, parents and patrons. Member schools are to enforce sportsmanship rules for our own school, players and spectators. Violation of rules can result in the following consequences: written reprimand, probation, suspension, ejection or permanent removal from events. Consequences are in force for players, coaches, students, parents and fans.

All school discipline policies and rules apply to the South Nodaway R-IV students at school activities whether they are held on school property or away from school.

EXTRA-CURRICULAR PARTICIPANT RESPONSIBILITIES

It is the responsibility of the participant to display good sportsmanship at all times. Because players are admired and respected, they exert a great deal of influence over the actions and behavior of the spectators and their fellow students. Desirable behavior for the participants would be to:

1. Treat opponents with the respect that is due to our guests and fellow human beings.
2. Shake hands with opponents and wish them good luck before the contest.
3. Exercise self-control at all times, accepting decisions and abiding by them.
4. Respect the officials' judgments and interpretations of the rules. Never argue, or make comments or gestures indicating a dislike for a decision.
5. Do not communicate with the officials regarding clarification of the ruling. This is a function of the captain.
6. Accept both victory and defeat with pride and compassion, being neither boastful nor bitter.
7. Congratulate the opponents in a sincere manner following either victory or defeat.
8. Accept seriously the responsibility and privilege of representing the school and community.

EXTRA-CURRICULAR PARTICIPANT RESPONSIBILITIES AS A SPECTATOR

Patrons', parents' and students' habits and reactions as spectators determine the quality of sportsmanship, which reflects upon the reputation of their school. Therefore, it is recommended that they:

1. Know and demonstrate the fundamentals of sportsmanship.
2. Respect, cooperate, and respond enthusiastically to cheerleaders.
3. Censor fellow students whose behavior is unbecoming.
4. Respect the property of the school and the authority of the school officials.
5. Show respect for an injured player when the player is removed from the contest.
6. Do not applaud errors or penalties inflicted upon opponents.
7. Do not heckle, jeer, or distract members of the opposing team.
8. Never criticize the players, participants, sponsor/advisors or coaches for the loss of a game or competition.
9. Respect the judgment and strategy for the coach.
10. Avoid profane language and obnoxious behavior.

The South Nodaway R-IV School District grounds (inside and outside) are, by the South Nodaway R-IV District Board policy, a tobacco-free environment. There is to be no smoking inside the building or outside on any school or athletic grounds.

STUDENT ACTIVITY POLICY

Definitions:

Eligibility to represent a school in interscholastic activities and organization is a privilege to be attained by meeting the standards of eligibility cooperatively set by the member schools through the Missouri State High School Activities Association (MSHSAA) and any additional standards set forth by South Nodaway R-IV BOE.

Students exercising their privilege to be involved in any extra-curricular activities or any South Nodaway organization must understand the standards rose in regard to violations and consequences. Members must understand they represent their respective activities or organization at all times wherever they may be.

The violations and consequences listed here are directed toward students in any interscholastic activity or in any South Nodaway organization, which is extra-curricular. All such policies in effect from beginning to the end of the sport's season or organization's calendar schedule and must be abided by 24 hour a day, seven days a week.

Citizenship Standards

Students who represent a school in interscholastic activities and school organization must be creditable citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered "creditible citizens". Conduct shall be satisfactory in accord with the standards of good discipline.

Each individual school has the authority to set more restrictive citizenship standards and shall have the authority to judge its students under those standards.

*In an activity that is graded, the individual whom has violated our conduct policy for activities will be allowed to perform. Examples of activities that may fall into this category include band, marching band, chorus, and drama (school play). At this time no other activities including FBLA/Business, FCCLA and FFA give a grade for performances outside of the classroom. If the performance activity is not graded, the individual will not be allowed to perform.

Grade Policy:

To be eligible for interschool competition, a student must, abide by the South Nodaway School Activity Agreement policy, in addition to the rules of Missouri state High School Activities Association (MSHSAA), maintain a grade point average of "C-", with no "F's". Failure to do so will result in the student being ineligible until the next check period*. Check periods will run from Monday to the following Monday, for all sports seasons during a playing schedule. Junior high students must maintain a passing grade in all subjects. A grade of "F" in any subject makes the student ineligible until the next check period unless they sign up and attend tutoring before or after school and log a total of two hours that next week, then that student will get a week of probation. They will be eligible to participate in all activities. If they do not complete their tutoring that week then they will be ineligible the following week even if the grade is raised. Other students with an "F" in any subject must have approval of the principal and the associated teachers before being allowed to travel on any academic field trip.

(*Exclusions for these rules may include participation in the school play, marching band, music

programs/contest or other activities approved by the principal.

SUSPENSIONS

Students in grades 7-12 who have been given a suspension (in school and out) will not be eligible to participate in any activities until the suspension has been served. Any coach or sponsor shall have the authority to set any additional eligibility requirements which are more restrictive as they deem necessary.

Students with Individual Education Plans (IEP) will be considered on an individual basis and the decision will be based on their IEP's and be made by a team consisting of the building principal, counselor, special education instructor and all teachers involved in the IEP case.

PROTECT YOUR ELIGIBILITY

The Missouri State High School Activities Association (MSHSAA), of which the South Nodaway School District is a member, is a voluntary, nonprofit, educational association of junior and senior high schools established for the purpose of working cooperatively in adopting standards for supervising and regulating interscholastic activities and contests.

One of the primary functions of the MSHSAA is to establish eligibility standards that must be met by all students to attain the privilege of representing their school in interscholastic activities.

Eligibility is a PRIVILEGE to be granted by the school to a student, which allows that student to participate in interscholastic activities. Eligibility is NOT A STUDENT'S RIGHT BY LAW. Precedent setting legal cases has determined that eligibility is a privilege to be granted only if the student meets all standards adopted by the school, which enables the school to grant the student such a privilege.

Listed below is information to acquaint you with the major rules and regulations you must follow in order to protect your eligibility.

1. You must be a creditable school citizen. Creditable school citizens are those students whose conduct, both in and out of school, will not reflect discredit upon themselves or their schools.
2. Academics
 - a. You must be enrolled in courses offering **3.5** units of credit. (This is normally seven courses).
 - b. You must have earned **3.5** units of credit or have passed 7 of the 8 courses in the preceding semester.
3. Transferring schools
 - a. If you transfer schools and your parents do not move to your new school district, you will be ineligible for 365 days, unless you meet one of the exceptions to the transfer or promotion rules. (See your principal or athletic director).
 - b. If you move with your parents to your new school district you will be eligible immediately.
4. Participation limits
 - a. You are eligible to participate in any sport for a maximum of four seasons. Any part of a game played during a season counts as a season of participation.

- b. Your eligibility to participate in high school activities begins when you first enter the ninth grade and lasts for the first eight semesters that you are enrolled in high school. Your eighth semester must immediately follow your seventh semester.
5. You must enter school within the first 11 days of the semester to be eligible.
6. Awards standards
 - a. You may not receive cash, merchandise, or gift certificates for participating in an athletic contest.
 - b. You may accept awards that are symbolic in nature, such as medals, trophies, ribbons, plaques, etc., for participating in a school athletic program. These awards may be received only from your school, from a school hosting an event, or from the MSHSAA.
 - c. You may accept awards for participating in non-school-sponsored athletic competition only if the awards are symbolic in nature, such as medals, trophies, ribbons, plaques, etc.
7. If you reach the age of 19 prior to July 1, you will be ineligible for interscholastic competition the next school year.
8. Non-school competition
 - a. You may not participate in any organized non-school athletic competition and your school team **IN THE SAME SPORT** during the same season.
 - b. You may participate on a school team and a non-school team in different sports during the same season; however, you may not practice or compete in non-school organized athletic competition **ON THE SAME DAY** that you practice or compete with your school team without approval of the school administration.
 - c. Before you join any non-school team or enter any non-school competition involving athletics, check with the activities director to make certain these standards are being met.
9. You may participate in an “audition” or “tryout” for a college team only after you have completed your last season of eligibility in the sport for which you wish to tryout.
10. You may not compete in an all-star game or contest before you complete your eligibility in all high school sports.
11. Sports camps/clinics
 - a. You may attend a non-school sponsored summer specialized sports camp for as long as you wish, where you do not receive instruction or coaching from a member of your school’s coaching staff.
 - b. You may not attend a specialized athletic camp during the school year.
 - c. You may attend a camp or clinic where your school’s coaching staff instructs or coaches for a period no longer than two weeks in duration.
12. Any individual receiving information concerning colleges for scholarship opportunities for our students/athletes will be distributed by the specific coaches.

A REMINDER: Any questions pertaining to eligibility that is not answered above should be brought to the attention of the athletic director.

PHYSICIAN EXAMS AND INSURANCE REQUIREMENTS

Athletic By-Law 309 (a) in the MSHSAA handbook states: "The school shall require of each student participating in athletics or an activity performance group a physician's certificate stating that he or she is physically able to participate in athletic contests or performance groups. The medical certificate is valid for the purpose of this rule if issued after February 1st of the previous year. This certificate must be on file before the student will be allowed to practice with any of the South Nodaway School District's athletic teams."

Athletic By-Law 309 (b) in the above handbook states: "A student shall not be permitted to practice or compete for a school until it has verification that he or she has basic insurance coverage." (This needs to be on file).

Temporary Insurance is available, per request. Please contact the Athletic Director for more information.

TRANSPORTATION TO ACTIVITIES

- 1) Students NOT riding the bus following an activity are REQUIRED to have their parents or guardians sign the coaches or sponsors "sign-off sheet" prior to leaving. Any student who fails to fulfill this request could be subject to disciplinary action at the discretion of the coach and/or administration.
- 2) On the Student Activity Permission Form, parents/guardians can designate four adults, 21 years or older, to be responsible for his/her student in their absence. The designated adults must sign the "sign-off sheet" prior to leaving. Failure to do so will result in the student being ineligible to participate in the next contest.
- 3) Students are responsible to inform the coaches of other activities that will cause them to be absent. School activities are excused, but the students are requested to inform coaches as soon as possible of such absences.

FIELD TRIPS

Students should not be pressured by either coach or teacher in making their decisions regarding field trips that conflict with activities. The student must make their decision based on what is best for them. The player must realize that their grades may be affected in class and that they may also lose playing time if another player beats them out due to missing practice. However, an athlete will not be punished by withholding playing time solely because they attended a field trip.

DAYS OF CONTEST

Students must be at school by 9am to be eligible that day. Approved absences will be given by the principal. Any time that an absence occurs on a day of practice or a contest the principal/office should be notified (phone call from parent/guardian, documentation from medical office). MSHSAA policy also states that if a student misses classes without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes (or has an excused absence from class) without an unexcused absence. For example, if a student has an unexcused absence all day on Friday, that student is ineligible to compete in an event on Saturday. Notification of an excused absence needs to be received in the office on the preceding Friday in order to be eligible to participate on Saturday.

LETTERING

The athletic letter at South Nodaway R-IV is a badge of honor bestowed on an individual student for participation at the varsity level in a South Nodaway sport. It stands as a testament that this student has reached high standards and is held in high regard among the students and faculty at South Nodaway. The acceptance and wearing of the school letter indicates special responsibilities for the student in the areas of citizenship, morality, and social standards.

To be eligible for a letter, an athlete must complete the season in good standing and be properly released from the sport by the coach. An athlete who quits the team once they have met the other requirements will forfeit any claims to a varsity letter.

PARENT/ATHLETE/COACH RELATIONSHIP

We hope this information will make both you and your child's experience with the South Nodaway R-IV Athletic program enjoyable.

COMMUNICATIONS

Both parenting and coaching are extremely difficult vocations.

Coaches and parents both want the athletes to have a positive experience as they participate in the sport or activity.

Communication is the key to making the positive experience become a reality. Athletes, parents and coaches are all responsible for effective communications.

COMMUNICATION COACHES EXPECT FROM PLAYERS

1. Athletes should express concerns immediately and directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns in regard to a coach's philosophy and/or expectations.

As your children become involved in the programs at South Nodaway, they will experience some of the most rewarding moments of their lives. It is important to understand that there may also be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

COMMUNICATION YOU SHOULD EXPECT FROM THE COACH

1. Expectations the coach has for your child as well as for all players on the squad.
2. Locations and times of all practices and contests.
3. Team requirements, i.e. fees, special equipment, off-season conditioning.
4. Procedure should your child be injured during participation.
5. Discipline that result in the denial of your child's participation.

APPROPRIATE CONCERNS TO DISCUSS WITH THE COACH

1. Concerns regarding your child's mental and physical status.
2. Ways to help your child improve in the activity.
3. Concerns about your child's behavior.

It is very difficult to accept your child's not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can and should be discussed with your child's coach.

ISSUES NOT APPROPRIATE TO TALK WITH COACH ABOUT

1. Team strategy
2. Play calling
3. Other student-athletes
4. Selection of players

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the others position. When these conferences are necessary, the following procedures should be followed to help promote a resolution to the issue.

1. Call to set up an appointment with the coach.
2. Please do not attempt to confront a coach before or after a contest or practice. **A parent should not enter a team locker room before or after a contest or practice unless their student has been injured.** These can be emotional times for both the parent and the coach. Meetings of this nature usually do not promote resolution.

THE NEXT STEP

What a parent is to do if the meeting with the coach did not provide a satisfactory resolution:

1. Call and set up an appointment with the Activities Director to discuss the situation.
2. At this meeting the appropriate steps can be determined.

Since research indicates a student involved in co-curricular activities has a greater chance of success during adulthood, these programs have been established. Many of the character traits required to be successful participants are exactly those that will promote a successful life after high school. We hope the information provided within this handbook makes both your student and your experience with the South Nodaway R-IV Athletic Program less stressful and more enjoyable.
