## HISTORY

- ❖ The first schoolhouse was built in 1873. It was a small four room brick building where teaching was limited to the lower grades.
- ❖ Feeling the need for a larger school and a more complete course of study, it was decided to build an additional two rooms to that building. Work was begun which, when completed, was a roomy, well built two story brick structure which served the community as a place of learning. In 1936, the present building was erected to take its place.
- ❖ During the construction, school was maintained in churches and vacant buildings in Barnard. In the fall of 1937, the doors were opened for school.
- ❖ In the year 1916, the first senior class rings were purchased at the price of \$1.50.
- ❖ In 1924, the first school annual was published by the Rush Printing Company of Barnard, Missouri.
- ❖ The first senior trip was taken in 1952.
- ❖ In 1952, the Barnard and Guilford Schools were consolidated with the school district being named South Nodaway. Resulted from consolidation, were a more workable unit financially, a broadened athletic program and a strengthened curriculum.
- ❖ The “Longhorn” was chosen as the school mascot and cardinal red and black were selected as the school colors.

- ❖ In 1961, the new athletic field, “The Longhorn Corral”, was initiated for outdoor sports.
- ❖ A new gymnasium was added to the Barnard building in 1967-68 with a seating capacity for 560 people.

- ❖ Science Club and Quill and Scroll were organized in 1984.
- ❖ The Eight-Block Schedule was implemented in 1989-90.
- ❖ In 1995, the elementary building addition was completed by volunteer labor including a science lab, computer lab and a new classroom.
- ❖ An FFA chapter was established in the 1996-97 school year through Northwest Technical School in Maryville. South Nodaway chartered its own FFA chapter in the 2004-2005 school year.

- ❖ In 2000, South Nodaway's Agriculture department constructed a greenhouse operated by the Agriculture classes.
- ❖ New for the 2003-2004 school year, a 10-block schedule was implemented to add one more academic class and a possible study hall for all students.
- ❖ Art Club was started in 2004-05.

## **EQUAL EDUCATIONAL OPPORTUNITIES**

Each individual should be given the opportunity to develop and achieve to the maximum extent possible, being limited only by individual differences. Therefore, the district will foster an educational environment that provides equal educational opportunity for all students.

Education programs and services will be designed to meet the varying needs of all students and will not discriminate against any individual for reasons of race, creed, color, sex, national origin, economic status or handicap.

## **SCHOOL SONG**

South Nodaway all hail thy name!  
Sons and daughters honor Thee.  
May thy standards black and red  
Lead eternally.

Proudly stands on Longhorn Hill  
'Neath the wind-swept skies;  
Alma Mater, we will praise Thee  
As the years go by.

When the shades of evening fall  
Through the hush of fading day;  
Silent voices raise thy name,  
Hearts look up with praise

May thy spirit guide thy sons,  
Keep thy daughters true.  
Loyal to our dear old high school,  
We'll see South Nod'way thru.

### CLASS WEIGHTING

The South Nodaway faculty has devised a course weighting system to be used to rank students in their classes. More difficult courses will carry a heavier ratio than the easier courses. We feel this will cause students to freely take advantage of the more difficult courses with compensation of more weight to the more difficult courses. We also feel this will encourage teachers to develop and maintain the more rigorous courses that students need today to be able to compete effectively once they leave our high school.

Class weights will be subject to change yearly. This system will not change the present calculations for the honor roll in any way. The system is to improve class rank for those persons pursuing scholarships.

The class weighting system was adopted by the South Nodaway Board of Education in July, 1984.

Disciplinary reports filed by bus drivers may result in the following:

**First Offense:** Warning

**Second Offense:** 3-5 days suspension from bus privilege

**Third Offense:** 5-10 days suspension from bus privilege

**Fourth Offense:** Suspension from riding the bus for the remainder of the semester

## **G. Bullying and Cyber Bullying**

Bullying includes, but is not limited to: physical actions, including violence, gestures, theft or damaging property; oral or written taunts, including name-calling, put-downs, extortion, or threats; or threats of retaliation for reporting such acts. Bullying may also include cyber-bullying or cyber-threats.

A detention program will be served from 7:15 a.m.-8:00 a.m. and 3:00-3:45 p.m. on an as needed basis. A high school certified staff member will be assigned to supervise students assigned to detention. The program will be held in the supervising teacher's classroom. The teacher will not only supervise, but also provide academic assistance.

The following guidelines will be followed by students in detention:

- 1) Student will report to the assigned room on time for detention.
- 2) Student will bring enough homework to keep busy the entire detention period.
- 3) No outside reading materials will be permitted.
- 4) No pop or food will be allowed.
- 5) Music and talking will not be permitted.
- 6) Students will not be permitted to leave the room.
- 7) Students late to detention and/or who violate any of the rules will automatically be assigned another detention.

8) Students who miss an assigned detention will automatically be assigned one day of in-school suspension and will still be responsible for serving the 1 hour detention. One hour detentions each consist of 30 minutes before school and 30 minutes after school.

### **ACADEMIC LAB:**

Academic Lab is a before and after school resource that allows students time to get additional help or to work on homework. This also allows students to use the school's internet to complete assignments. The Academic Lab will be in the school library and will be available on Tuesday, Wednesday, and Thursday at 7:15am-8:00am and again after school for 45 minutes (3:00pm-3:45pm). A tutoring schedule for specific classes will be given to students the first week of school. Academic Lab is not a mandatory resource unless a student has a class average of 62% ( D-) or lower in which the student will have to attend one Academic Lab session a day until the class average grade is above 62%. Students that fail to attend required sessions will incur disciplinary action.

### **EMERGENCY PROCEDURES**

**Fire** -- The fire alarm will be a high pitched repeat of short bursts. If the alarm is sounded, please proceed as the posted instructions direct you to the proper exit from that particular room. Check the posters and make sure that you are aware of the proper procedure to leave each. During a fire or a fire drill, the building is to be cleared and all students and school personnel will proceed to the Barnard Christian Church, one block west of the school.

**Tornado** -- A tornado warning means a tornado has been sighted. When a tornado has been sighted in our area, the signal to take cover will be an all call on the intercom. Students should move quickly to the basement or locker rooms and take a crouched position facing the wall, covering their head with their arms.

### **ABSENCES**

When a student is absent from school, he/she must have their parent or guardian call the principal's office or bring a note from home explaining his/her absence. The absence must be verified through the office by the parent/guardian within two work days, or it will be considered an unexcused absence. Unexcused absences will result in 50% of credit earned on assignments for each class missed. Students who are absent are responsible for collecting their assignments for the day(s) they missed on their first day back in school. The student will have one make up day for each date that was missed. For instance, if a student misses school on Monday, they are to collect their missed assignments on Tuesday and all work will be due on Wednesday. If the student were to miss Monday and Tuesday, they would collect assignments on Wednesday and Monday's assignments would be due on Thursday and Tuesday assignments would be due on Friday. In the case of an extended illness or other excused absence resulting in three or more consecutive absences, homework may be collected in the office at the end of each school day by the parent/guardian and arrangements should be made with individual teachers. There are two types of absences - excused and unexcused.

Excused absences fall into the following categories:

- 1) Personal illness
- 2) Illness in the immediate family
- 3) Death in the family or of a close friend
- 4) Dental or medical appointments
- 5) Drivers test (half-day for each test)
- 6) Approved school activities
- 7) A vacation or trip that has educational value with the following stipulations:
  - a. The principal must be notified.
  - b. An assignment sheet must be obtained from the office and the assignments complete before the trip.
  - c. You must bring proof of the trip when you return from the trip.
  - d. Failure to do any of the above will result in an unexcused absence.
- 8) College Day – juniors and seniors only - One day will be allowed without counting the student absent if pre arranged with the principal. Any additional days will be counted as an excused absence if they bring back a note from the college. If no note, it will be considered unexcused. Students who have taken or are registered to take a college admittance test will be allowed college days. Students who have not taken a college admittance test and are not scheduled to take one may take a day to visit technical schools under the same guidelines as the excused college day.
- 9) Other reasons cleared by the principal.

## **6 ABSENCE ATTENDANCE LIMIT RATIONALE**

Student attendance affects the student's behavior, attitude, learning and overall high school success. We hope parents will emphasize to their students about the importance of regular attendance. We believe that schools can make a positive difference in young people's education when they have few absences during their secondary school career. Because we believe students' success is of the utmost importance, we want the students to know that their regular attendance counts.

- **STUDENT ABSENCES MUST BE VERIFIED BY A PARENT PHONE CALL OR DOCUMENTATION TO THE SCHOOL WITHIN 2 DAYS OF THE SAID ABSENCE! BEING PROACTIVE IN VERIFICATION OF STUDENT ABSENCES WILL PREVENT UNEXCUSED ABSENCES.**
- 1) Six Absence limit: All absences from class will be calculated including excused and unexcused absences except those absences incurred while a student is participating in school-sponsored activities and/or essential administrative business. After six absences in one semester, an official letter may be sent to the parents to notify and/or set up a meeting to discuss options to help the student, their attendance, and their grades. This meeting may also include the Nodaway County juvenile officer.
  - 2) Unexcused Absences (absences not verified by parent or guardian) are considered truancy and will be addressed under the South Nodaway Handbook truancy policy (pg 15).

## **LEAVING SCHOOL OR LEAVING SCHOOL EARLY**

All students should leave the building promptly at the close of school.

If a student wishes to be excused from school early, his/her parent/guardian must call the office or he/she must present to the principal a signed, dated note from a parent/guardian, stating the reason for leaving early. This should be done before the first hour in the mornings and the student's parent/guardian must come to the office to pick them up at the designated time. Students need to make sure they sign out in the principal's office before leaving the building and check back in upon returning.

## **TARDINESS**

**Tardy** - Any time a student is not in class, in the room, when the tardy bell sounds at the beginning of each period. After 10 minutes the student will be counted as absent from the class. This is an unexcused absence unless proper documentation is provided from teacher, parent or guardian. Tardies to school, unless confirmed by parents as an emergency, will be considered unexcused.

Students have three minutes between classes for a passing period. This is sufficient time for students to be in class. Students taking longer with an unsatisfactory excuse will be marked tardy. Tardies are accumulated by quarter and by individual class. Accumulated tardies will be noted on the grade card.

**Consequences for being tardy per class are:**

**1st Unexcused Tardy:** Teacher warning—tardy assigned

**2nd Unexcused Tardy:** Tardy assigned

**3rd, 4th and 5th Unexcused Tardy:** 45 minute detention/per tardy

**6<sup>th</sup> Unexcused Tardy, Subsequent Tardies for the Quarter and/or missed detentions: ISS and/or Potential Suspension of extracurricular activities**

- **STUDENT ABSENCES MUST BE VERIFIED BY A PARENT PHONE CALL OR DOCUMENTATION TO THE SCHOOL WITHIN 2 DAYS OF THE SAID ABSENCE! BEING PROACTIVE IN VERIFICATION OF STUDENT ABSENCES WILL PREVENT UNEXCUSED ABSENCES.**

## **DRESS CODE**

Students will dress with their own discretion for school and all school activities. If the school administration feels a student's appearance is inappropriate, disruptive to others, or the learning process, appropriate disciplinary action will be taken.

The following guidelines for acceptable dress should be followed:

1. All shirts must have a sleeve or thick strap. No spaghetti straps, tube tops, or low cut tops are to be worn. Garments that have excessively wide or low cut openings, are excessively tight and or are immodest in nature while standing, sitting, or walking should not be worn
2. Clothing that promotes the use of drugs, alcohol, tobacco, could have hidden meanings or contain subjects offensive to community standards, will not be permitted.
3. All students must wear shoes, boots, or other types of footwear at all times.
4. Hats, caps, or sunglasses are not to be worn unless approved.

5. When in the judgement of the principal, a student's appearance or mode of dress disrupts the educational process or constitutes a threat to health or safety, the student may be required to make modifications.
6. Additional dress guidelines may be imposed on students participating in certain extracurricular activities.

### **PARKING**

Students driving vehicles to school are expected to display proper and courteous driving habits. Vehicles are not to be parked in the staff parking lot. Students may not drive their vehicle during the lunch hour and may not leave school grounds during school time without permission from the principal or superintendent.

The area from the front of the building east to the road is reserved for the buses, visitors, emergency vehicles and handicapped persons and the west parking lot is reserved for staff from 6:30 a.m. to 4:00 p.m.

The parking lot on the southeast side of the school is for the students and there will be no parking on the east side or the south side of the school, since this area will be used for picking up and delivering students. Vehicles are not to be moved after school until all buses have left the loading area. Students shall not park cars in such a way to restrict access to sidewalks or streets.

Students are expected to be courteous after school and not exit or block either driveway or adjoining south street while school buses are exiting. Once all buses are clear, you may leave. Parking privileges will be lost upon failure to comply.

**Students Driving:** Students needing to drive to an appointment will need to fill out the Student Driving Permit and have all the necessary signatures before the student will be allowed to leave school.

### **PHONE CALLS**

Phone calls will be made before or after school and only during the school day for emergencies. For personal calls, with permission, students may use their cell phone. Students will not receive phone calls from family or friends, unless it is an emergency.

### **CELL PHONES AND ELECTRONIC DEVICES POLICY**

This policy will apply to any electronic devices such as MP3 players, I-Pods, etc. which are considered to be a disruption to the school learning process.

- 1) Cell phones are allowed on school grounds; however classroom use will be permitted based on educational use at the discretion of the teacher. Permission to use cell phones for emergency calls purposes can be obtained from the high school office.
- 2) Devices may be used appropriately during lunch, passing periods and before/after school.
- 3) Any student caught using a device without permission or outside of established parameters during the school day will have it confiscated and taken to the office on the 1<sup>st</sup> offense. The student will be able to obtain the device from school administration at the end of the day.

- 4) Any student caught with such a device for a 2<sup>nd</sup> offense will have it taken to the office where it will be stored until a parent/guardian can retrieve the device. Multiple unauthorized cell phone usage will result in further disciplinary action.
- 5) Cell phones may be kept in students' bags in a locker room, **under no circumstances** are phones to be out, turned on or used in the locker room area.

## **PURCHASE ORDERS**

All items purchased in town or other places will be secured by a purchase order only. Persons buying items without a purchase order or without permission of the administration will not be reimbursed. PO's will be acquired from the superintendent's secretary.

- 5) Class parties, money raising projects, and sale of merchandise are to have the approval of the class sponsor and principal. Movies shown in class or at school sponsored parties must be approved by the principal and must not be rated higher than PG-13.
- 6) To be eligible for extracurricular activities (performance or competition), a student must, in addition to the rules of Missouri State High School Activities Association (MSHSAA), maintain a grade point average of "C-", with no "F's". Failure to do so will result in the student being ineligible until the next check period\*. Check periods will run from Monday to the following Monday, for all sports seasons during a playing schedule. All students must maintain a passing grade in all subjects. A grade of "F" in any subject makes the student ineligible until the next check period unless they sign up and attend tutoring/ Academic Lab before or after school and log a total of two hours that next week, then that student will get a week of probation. They will be eligible to participate in all activities. If they do not complete their tutoring that week then they will be ineligible the following week even if the grade is raised. Other students with an "F" in any subject must have approval of the principal and the associated teachers before being allowed to travel on any academic field trip.  
\*Exclusions for these rules may include participation in the school play, marching band, music programs/contests or other activities approved by the principal.

- 9) No pictures, etc., are to be attached to the outside of student's lockers. Exception to this rule is material for school activities (i.e. homecoming decorations, notes to be taken home, prom invitations, etc.). No articles are to be glued to the inside or outside of lockers.
- 10) Student's lockers are school property and not private lockers. Lockers may at any time be searched only by the superintendent and/or principal when there is reasonable cause. The student shall be present when this is done.
- 11) A padlock may be put on the lockers only if the padlock opens with a key or combination and a duplicate key or the combination is given to the office.
- 12) Student's vehicles on school property may be searched by superintendent or principal when there is a reasonable suspicion. The student shall be present.
- 13) Nothing may be posted on the walls/bulletin board until approved through the principal's office.
- 14) Since it would be virtually impossible to list every violation and consequence, the principal shall use his/her own discretion and judgment on violations that are not listed above or in the Discipline Policy.

### **MEDICATION**

Students will not be permitted to take prescription and medication while at school unless such medicine is given to them by a staff member acting under specific written request of the parent/guardian and under the written instructions of the student's doctor.

When such a request is made by a parent/guardian, a full release from the responsibilities pertaining to the administration and consequences of such medications must also be presented to the principal or school nurse by the parent/guardian.

Pain relievers will only be administered in the nurse's office to students who have written, notarized permission from their parent/guardian.

### **INSURANCE**

The school district requires that all students who participate in after school athletic programs (including cheerleading) and/or senior trip must have private insurance coverage.

All bus trips sponsored by the school shall be sponsored by a South Nodaway staff member. In most cases, the boys and girls will ride one bus together. If the trip necessitates the use of cars, each car will be sponsored by a faculty member or a parent/guardian selected by the principal or superintendent. Students riding on a bus to a school event must also ride back on the bus unless they are signed off the bus list by a parent/guardian. The bus list will be with the coach or sponsor of the event. Students may be released to ride with persons other than the parent/guardian only if the designated person is listed on the Student Activity Permission Form.

### **LUNCH PROGRAM**

Students and staff members are asked to sign up during their first hour class when wanting to eat school lunch, which includes a choice of hot lunch, salad lunch or à la carte. Student lunch prices are \$2.90. Lunch money should be brought to the office where the student records on the appropriate form how much money they are giving the secretary for their lunch account. Each student and staff member is assigned a personal identification number (PIN) for their lunch account and as the student/staff member comes to lunch, they key in their PIN and their account is debited the amount of the meal and/or any other purchases. Account balances are available on request and reminders will be given as the account nears zero. Failure to remember PIN numbers may result in the student going to the end of the lunch line. Students bringing lunch from home are asked to eat in the lunchroom only. All students and staff members are asked to clean up after themselves in the cafeteria.

### **POP/JUICE MACHINE RULES**

- 1) Juice and healthy beverages are available from the machine throughout the day. Only bottled pop or juice will be allowed in the gym.

Class projects are for raising the necessary funds to pay for class expenses, especially the junior-senior prom and the senior trip. Since the funds are pooled for the class as a whole, each student should participate in fundraising projects. If a student cannot participate in a fund raising project, the class has the right to establish a monetary contribution which must be approved by the sponsor and principal. This is not a fine, but a contribution to help cover possible loss of income due to that person's absence and their fair share of the work. Class projects allowed by each class are as follows:

**7th and 8th grade** - none

**9th grade** - one project and dues

**10th grade** - one project, concession stand, and dues

**11th grade** - concession stand, fruit sales, one other project and dues

**12th grade** - concession stand, magazine sales, senior-parent ball game, dues and any other projects necessary.

**EXCEPTION:** Grades 9-12 may conduct fundraising projects that do not involve any type of sales at the discretion of the class sponsor and the administration. Examples of this type of fundraising may include the following; work projects in which the students own labor as a group results in money earned for the class such as working at Worlds of Fun, Kansas

City Royals, Kansas City Chiefs, etc. Other types of fundraisers that would be considered for approval are dinners, car washes, working for community businesses, individuals and farmers. Since it would be impossible to list every type of work project that may be exempt, each fundraising proposal will be considered on an individual basis by the class sponsor and the administration. Each class must keep accurate records of unpaid bills and dues and turn in the report to the principal near the end of each semester.

### **SCHOOL PARTIES AND DANCES**

Transportation must be administration/board approved ground transportation. The trip will be for a total of no more than four days and three nights including travel time. If the class wants to extend the 400 mile radius of their trip, they must petition the Board of Education in October with an agenda and a financial plan as to how they plan to pay for the trip. Destination, sponsors, transportation, and activities must be approved in advance by the administration and the board of education.

### **SENIOR TRIP GUIDELINES**

Only full-time (both semesters) graduating members of the South Nodaway senior class that have paid class dues for the years they have attended South Nodaway and have paid all bills owed to the school (lunch, class, shop bills and fines, fundraisers, etc.), may go on the senior trip. Travel tickets will not be purchased for students with outstanding school bills. Students who have been convicted of a felony will not be permitted to attend the senior trip.

Incoming students to the senior class of South Nodaway must pay the total amount of money made through their junior year divided by the number of members in the class.

Sponsors must be at least a second year certified personnel of South Nodaway. At least one male and one female, one being an administrator, will sponsor the trip.

The senior class sponsor shall attend the October board meeting to approve the trip chosen. Seniors that decide to not go on the Senior trip will have to sign off from

attending along with their parents by Feb. 1. All seniors participating in the senior trip are required to participate in the annual South Nodaway Alumni Banquet by helping to set up and being in attendance for the banquet.

Any funds remaining in the senior class trip account after all trip expenses have been paid will be used to purchase a senior class gift for the school to be determined by the senior class with the approval of the administration.

**While on the trip, the following rules will be followed:**

- 9) Any senior who is not current on bills by the last date of attendance will not be allowed to participate in the senior trip.
- 10) **No refunds** will be made to any senior who is unable to participate in the senior trip for any reason. - 11) Graduating seniors must maintain an attendance rate of at least 90% during their senior year in order to be eligible to attend the senior trip. Graduating seniors falling below the 90% attendance rate in their senior year will not be allowed to attend the senior trip and will be expected to be at school during the dates of the senior trip. Appeals for medical reasons or other extenuating circumstances preventing 90% attendance must be made to the administration and the senior class sponsor in writing, accompanied by documentation (doctor's notes, etc.) by the last Monday in April to be considered for waiver of the attendance requirement.
- 12) Failure to abide by any of the guidelines established while on the trip may result in the student being sent home early at their own expense.

The South Nodaway Student Council sponsors two school parties per year. Walk-Out Day takes place on the last day of school and the Christmas party takes place during the last week before Winter Break. In order to participate in these two activities students must

have all school bills paid in full. In the event they have unpaid school bills they must still attend school or receive an unexcused absence.

## **ORGANIZATIONS**

All organizations are limited to one money making project. Organizations will have the same exception as classes to participate in non-sales related work projects. Final approval for any fund raising projects will be made by the sponsor and the administration. All organizations will have to pay actual transportation expenses for extracurricular activities. All organizations must have a sponsor or certified person present at all organized practices or meetings on school property. All elected officers must stay in good academic standing.

**State Competition:** The school will reimburse the sponsor and additional sponsors/parents if the administration has authorized them for mileage, or will pay for the cost of renting a van and the gasoline. The organizations are responsible for the cost of entry fees, lodging and some of their meals. The sponsor determines how many meals the organization will pay for based on the balance in their treasury and how many meals the student is responsible. If a parent is asked to accompany them, the organization pays for all that parent's expenses.

**National Competition:** The school may pay a portion of travel expenses if airfare is involved. The balance in the organization's treasury is the determining factor in how much the organization will pay for lodging and meals, and for how much the student will be held responsible.

### **Art Club**

Art Club provides a meeting place for South Nodaway students who are talented and interested in visual arts experiences beyond those offered in the classroom. The student member does not need to be currently enrolled in an art class. Art Club is a chance to let the members extend into the professional art world.

### **Classes**

Each class shall elect a president, vice-president, secretary, treasurer, one boy and one girl to serve on the Vandalism Committee and Student Council representatives (two representatives from each high school class and one for each junior high class) at the last meeting of the school year or the first meeting of the new school year. These people elected shall serve for the upcoming school year.

### **Adopted 10/26/88**

A student shall not be permitted to attend classes or other school sponsored activities, if the student is known to be afflicted with or liable to transmit any contagious or infectious disease unless the board or its designee has determined, based upon medical evidence, that:

- 2) the student is afflicted with a chronic infectious disease which poses little risk of transmission in the school environment with reasonable precautions.

Failure to adhere to the conditions will result in the student being excluded from school. Any student determined to have a chronic infectious disease and who is not permitted to attend school, will be provided instruction in an alternative educational setting in accordance with district policy.

Students with a contagious or infectious disease and their families have a right to privacy and a need for confidentiality. Only staff members who need to know the identity and condition of such students will be informed. Willful or negligent disclosure of confidential information about a student's medical condition by staff members will be cause for disciplinary action.

- 4) If the designated health professional determines that a student identified as handicapped under the Education of All Handicapped Children Act (P.L. 94-142), may be infected with a chronic infectious disease, the student’s medical condition and educational placement will be evaluated under the procedural safeguards stated in the district’s compliance plan for implementing P.L. 94-142.
- 5) If the designated health professional determines that a student not identified as handicapped may be infected with a chronic infectious disease, the student shall be excluded from school until the following procedures have been concluded. The teams will assess the student’s condition and the risks of exposing others to the disease in the school environment and determine whether the student should be permitted to attend school without restrictions; attend school under stated restrictions and conditions; or be excluded from attending school and provided an alternative educational program. The team will also establish dates and/or conditions under which the student’s status will be reviewed.

- 6) The determination of the team will be made within ten working days after the team is convened and communicated in writing to the student’s parents/guardians, the building administrator, and to the superintendent. The determination will be final unless reversed on appeal.

Within five working days after receiving notice of appeal, the superintendent will confer with the assessment team, review the record and/or receive additional information, and make a recommendation to the board. The board will consider the appeal at its next regularly scheduled meeting or at a special called meeting. The board’s decision shall be final. The stated time line may be adjusted by mutual agreement of the board and the parties involved.
- 8) If a student with a chronic infectious disease is permitted to attend school:
  - a) All parents of students attending the school and all staff members of the school will be notified by direct mail of the presence in the school of an infected student, the conditions under which the student is attending school, and the district’s plan for keeping the public informed about the situation.

Willful or negligent disclosure of confidential information by a staff member will be cause for disciplinary action.
  - c) The building administrator, in consultation with the designated health professional, will develop safety and precautionary procedures and incident

reporting procedures and ensure that all staff members who have contact with the infected student are trained to implement them. Willful or negligent violation of safety and precautionary procedures and reporting procedures will be cause for disciplinary action.

### **PROSECUTION OF CHILDREN AS ADULTS**

- 1) Allows children who are between the ages of 12 and 17 to be prosecuted as adults for felony offenses, as determined by the juvenile court findings, based on the seriousness of the offense, protection of the community; whether the child will benefit from treatment in the juvenile system; and the child's record, maturity, and age. Currently, children have to be at least 14 years old to be prosecuted as adults;
- 2) Requires the court to have a certification hearing if the child is alleged to have committed first or second degree murder, first degree assault, forcible rape, forcible sodomy, first degree robbery, distribution of drugs or has committed two or more prior unrelated felony offenses;
- 3) Allows children previously certified to be prosecuted as adults to be prosecuted as adults for subsequent offenses without another certification hearing in certain cases. Current law requires another certification hearing, unless the child has been convicted as an adult; and
- 4) Adds racial disparity in certification as a criteria for court consideration in determining juvenile adult certification.

### **JUVENILE COURT RECORDS**

- 1) Allows the juvenile officer, in cases where the child has committed an offense that would be a crime if committed by an adult, to share the juvenile record with the victim, witnesses, school officials, prosecutors, persons having legal control of the child, or persons who may be treating the child;
- 2) Allows the juvenile officer, in cases where the child has committed an offense that would be a felony if committed by an adult, to share non-identifying information with the public;
- 3) Makes public the record of the proceedings in juvenile court if the child has been accused of an offense which, if committed by an adult, would be a class A or B felony, or a class C felony, if the child has a prior adjudication of two or more unrelated acts which would be classified as A, B, or C felonies; and
- 4) Allows prosecutors to access records related to offenses committed by children where a certification petition has been filed.

### **DISPOSITION OF CASES**

- 1) Allows the court to invoke dual jurisdiction of both the criminal and juvenile codes for offenders under 17 years old. The court is authorized to impose a juvenile disposition and simultaneously impose an adult criminal sentence that is suspended, so long as the juvenile offender successfully completes the juvenile disposition. Beginning January 1, 1996, the bill contains indeterminate sentencing provisions, allowing placement in the Division of Youth Services pursuant to the dual sentencing provisions.

- 2) Allows the court to require parents or guardian to participate in activities that the court finds necessary to carry out the purposes of the juvenile code and allows the court to require the parents to pay when a child is committed for institutionalization;
- 3) Requires law enforcement officers to fingerprint children that they take into custody for an offense which would be considered a felony if committed by an adult. Also, a child that is a victim of abuse or neglect or a status offender may be fingerprinted and photographed;
- 4) Requires the juvenile officer to provide the prosecuting attorney with a copy of the motion to prosecute the child as an adult;
- 5) Allows the prosecutor to testify at the certification hearing as to the likelihood of prosecution of the child as an adult. No testimony by the prosecutor can be used at subsequent proceedings;
- 6) Allows certain prior juvenile offenses to be used to impeach the credibility of a witness or the defendant in a criminal case;
- 7) Requires law enforcement agencies to maintain a confidential record of the date and time a child is taken into custody and the date and time the child is released;
- 8) Requires the juvenile court to make a written assessment of the child before the disposition of the matter;
- 9) Allows for victim compensation to be paid from workers compensation funds. It increases the cap for psychological or counseling expenses from \$1,000 per claim to \$2,500. The cap on death expenses is to \$5,000. The previous cap for burial expenses was \$2,000. Loss of earnings expenses is increased to \$15,000 from \$10,000, not to exceed to \$200 per week.
- 10) Requires school districts to educate a child placed in that district by court order by the Departments of Mental Health or Social Services, although the child's parents or guardians live in another district. The school district where the child's parents reside is required to pay the educating district the average that the parent's district produces per child by local taxes. The Departments of Mental Health and Social Services are required to reimburse the district for additional expenses.
- 11) Requires the Division of Youth Services to establish community work programs for nonviolent offenders from age 14 to 18.
- 12) Allows for establishment of a pilot program for boys between the ages 7 and 17. One youth home will serve the metropolitan St. Louis area; the other youth home will serve the metropolitan Kansas City area. The pilot program has an emergency clause and the program shall expire on August 28, 2000.

## **JUVENILE COURT ADMINISTRATION**

The bill requires the State Courts Administrator to establish performance standards and collect outcome data to evaluate juvenile court services, develop standards for training of certain juvenile court employees, develop an assessment form for classifying juvenile offenders, and develop criteria for judges to use when deciding how long the child is detained before informal adjustments or formal adjudication. The State Courts Administrator is required to consider racial disparities in the juvenile justice system when developing standards, training, and assessment forms.

The bill establishes a Juvenile Court Personnel Advisory Commission. Members are appointed by the Governor and include: a Representative and a Senator and member representing the courts, the Division of Youth Services, the Office of Administration, MOSERS, and the counties. The Commission is required to report to the Governor by July

1, 1996, on whether a uniform juvenile court personnel system is needed, the rate at which the state reimburses counties for detention costs, and the need for regional detention centers.

In addition, the bill:

- 1) Requires juvenile courts to provide relevant outcome data to the State Courts Administrator and requires the court to compel certain employees to receive training.
- 2) Requires the State Courts Administrator and Departments of Social Services, Mental Health, and Health to coordinate their information systems to allow for tracking of individual children; and
- 3) Eliminates the requirement that the States Courts Administrator employ a Juvenile Court Specialist.

### **SCHOOL SUSPENSIONS**

The bill allows school districts to suspend pupils from school based on a finding that the pupil has been charged or convicted as an adult of a felony. The bill allows school districts to suspend pupils for a period not exceeding 180 days. Current law is 90 days.

### **YOUTH VIOLENCE PREVENTION**

In addition, the bill makes several changes related to youth violence. The bill:

- 1) Creates an Advisory Committee in the Department of Economic Development composed of at least 10 public members, none of which is under the age of 21. The Department of Economic Development in conjunction with the advisory committee is required to establish program criteria for the tax credit allowed by the bill.
- 2) Establishes the Youth Opportunities and Violence Prevention Fund. The fund consists of grants, gifts, federal funds and appropriations.
- 3) Gives tax credits to corporations or individuals for certain education, job, and violence prevention programs.
- 4) Requires the Department of Elementary and Secondary Education to develop programs which emphasize non violence in conflict resolution and ethical decision-making.
- 5) Increases the amount of tax credit the Department of Revenue can grant under the Neighborhood Assistance Program from \$14 million to \$20 million. Six million dollars of the tax credits are required to go to the tax credits established in the bill.

### **Protection of Student Rights**

All instructional materials, including teacher's manuals, films, tapes or other supplementary material which will be used in connection with any survey, analysis or evaluation as part of any federally funded program shall be available for inspection by the parents or guardians of the students.

No student, as part of any federally funded program, shall be required without prior parental consent in writing to submit to a survey, analysis or evaluation that reveals information concerning:

- 1) Political affiliations;
- 2) Mental and psychological problems potentially embarrassing to the student to his/her family;
- 3) Sexual behavior and attitudes;

- 4) Illegal, antisocial, self-incriminating and demeaning behavior;
- 5) Critical appraisals of other individuals with whom respondents have close family relationships;
- 6) Legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers; or
- 7) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such programs).

### **Standard Complaint Resolution Procedure for No Child Left Behind Programs**

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB).

A complaint is a formal allegation that a specific federal or state or regulation has been violated, misapplies, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy: (For a copy of the board policy please contact the superintendent). If the issue cannot be resolved at the local level, the complaint may file a complaint with the Missouri Department of Education. If there is not evidence that the parties have attempted in good faith to resolve the complaint at the local level, the department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any person directly affected by the action of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplies, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

### **EARTHQUAKE SAFETY**

#### **For Missouri's Schools**

- The New Madrid Seismic Zone Extends 120 Miles Southward from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.
- The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.
- The Highest Earthquake Risk in the United States outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California,

but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

- A Damaging Earthquake in this Area, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to unreinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!
- A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12 was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Boot Heel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.
- When Will Another Great Earthquake the Size of Those in 1811-12 Happen? Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.
- What Can We Do to Protect Ourselves? Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

### **Prepare a Home Earthquake Plan**

- Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.
- Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.
- Choose an out-of-town family contact.
- Take a first aid class from your local Red Cross chapter. Keep your training current.
- Get training in how to use a fire extinguisher from your local fire department.
- Inform babysitters and caregivers of your plan.

### **Eliminate Hazards**

- Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.
- Bolt bookcases, china cabinets and other tall furniture to wall studs.
- Install strong latches on cupboards.

- Strap the water heater to wall studs.
- Prepare a Disaster Supplies Kit for Home and Car
- First aid kit and essential medications.
- Canned food and can opener.
- At least three gallons of water per person.
- Protective clothing, rainwear, and bedding or sleeping bags. - Battery-powered radio, flashlight, and extra batteries.
- Special items for infant, elderly, or disabled family members.
- Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)
- Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

### **Know What to Do When the Shaking BEGINS**

- **DROP, COVER AND HOLD ON!** Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.
- In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.
- If you are in bed, hold on and stay there, protecting your head with a pillow.
- If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.
- If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

### **Know What to Do AFTER the Shaking Stops**

- Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.
- Check others for injuries. Give first aid for serious injuries.
- Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think its leaking. (Remember, only a professional should turn it back on.)
- Listen to the radio for instructions
- Expect aftershocks. Each time you feel one, **DROP, COVER, AND HOLD ON!**
- Inspect your home for damage. Get everyone out of your home if unsafe.
- Use the telephone only to report life-threatening emergencies.
